

## Mr. Done's thought of the week

The talk of Masefield this week has all been around our whole school trip to Chester Zoo!

It was an incredible experience for all involved; the children were a delight, impeccably behaved and showcased our school in the best possible way.

Check out the school twitter for lots of photos! [@MasefieldCP](#)

## Diary Dates

**Book Fair**  
Wed 2nd - Tues 8th Feb

**Wear Red Day**  
Friday 11th Feb

**Half-term (1 week)**  
14th Feb—18th Feb

## Chester Zoo

Yesterday Masefield went on an exciting trip to Chester Zoo!

We got to see lots of different animals and learn about what parts of the world they are from.

A big well done to all of the children—they represented our school beautifully.

## Enrichment Fundraising

Year 5 and 6 Fundraising Enrichment are currently raising money for a defibrillator box.

This would mean that our school defibrillator would be mounted outside in a special box and could be used by the general public if needed, even if school is closed.

The costing of this is around £450.

The children have been thinking of various ways in which they could raise the money and have decided that they could raise some of the funds by hosting a **wear red day**.

On Friday 11th February, children are invited to wear red clothing in exchange for a donation towards our defibrillator box. The children have recently raised £36.80 from their chocolate strawberry sale and we hope to have raised our full target by Easter so we can have the defibrillator mounted outside by the end of the academic year.

We will keep you updated on the funds raised via our twitter page too.

Fun at the zoo

## Poppy Appeal 2021

Every year in November school sells various poppy themed merchandise for the Royal British Legion to help raise funds towards the Poppy appeal. As always the children of Masefield contributed generously and raised a total of £403.24.

This is the highest amount raised out of all the Little Lever schools!
