To involve and value children's contributions in a democratic, decision-making process that impacts upon their learning, personal development and the environment.

To foster an inclusive atmosphere conducive for learning, teaching and developing communication skills, which provides a breadth and balance of learning experiences that meets the needs of all children to promote enquiry and independence.

To equip children with the skills, knowledge and growth mindset which will allow them to develop a joy for life and learning, confidence in themselves, resilience, patience and respect for others.
