Difference (Past Vs Present)

Old toys were often made out of wood	Modern (new) toys are often made out of plastic
Old toys were mechanical or moved by hand	Modern toys often use batteries
Old toys were often made by hand	Modern (new) toys are usually made by machines

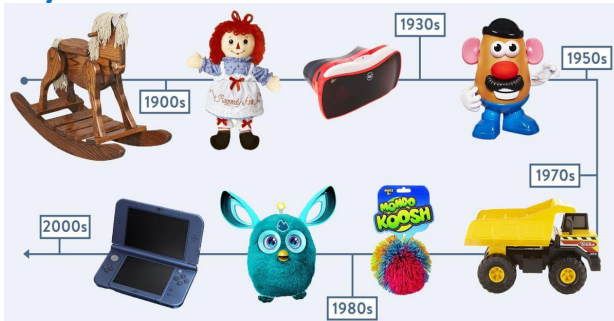

Big Idea

Children have always played with toys, whether they were born a long time ago or earlier this year. Toys have changed over the years in the way they looked and what they were made from.

Themes

Key Events

Materials

Wood Door, Table	Plastic LEGO bricks, Mug, Bottle	Glass Glass, Jar
Metal Coins, Fork, Spoon, Scissors	Paper Book, Paper, Toilet Paper	Fabric Cloth, Teddy Bear

Vocabulary

blackboard: A blackboard would be seen in almost every classroom in the 1960s.

Today we have screens or an interactive whiteboard.

chalk: Chalk was used by teachers to write on the blackboard. It was mainly white but there many colours of chalk.

nit nurse: The name given to the nurse who came to school to check hair for lice.

inkwell: Many desks had a hole in the top right hand corner for ink. This was known as the inkwell.

pen and nib: In most schools children used pens and ink to write. The pens had a nib at the end which was replaced from time to time.

skipping: A very popular game in the 1960s. It was a long piece of rope which was turned by two children.

marbles: Another popular game was marbles. Many children came to school with a pocketful of marbles.

snakes and ladders: A board game which everyone knew in the 1960s. The board was made up of squares and you would move up a ladder and down the snake.
