

Eco Team

Subject Leader Report 2024-2025

Subject Leader: Emma Rose

Summer Term

This year has been a hugely successful one for the Eco Team at Masefield Primary School. The dedication, teamwork and leadership shown by the pupils involved has been exceptional, and we are extremely proud to announce that the team has been awarded the Eco Award with Distinction. This accolade reflects the school's growing commitment to sustainability and environmental responsibility.

Throughout the year, the Eco Team has played a key role in maintaining and enhancing the school grounds. Pupils have taken great care in watering plants, tending to flower beds, and keeping the grounds tidy and free from litter. A particular highlight has been the care shown to our school animals. The chickens and rabbits have remained healthy and well looked after, with pupils taking responsibility for their daily needs.

The daily egg collection has not only provided a practical learning opportunity but has also proved popular with the wider school community. Parents have supported the initiative enthusiastically via the 'honesty box' system, helping to promote a culture of trust and sustainability. Each class has successfully managed their raised beds, producing a wide variety of fruit and vegetables. These have been used in lessons and cooking activities, reinforcing the importance of healthy eating and seasonal produce.

Looking ahead to next year, a new staff leader will take over the Eco Team role. As part of the team's ongoing development, we aim to raise the profile of the Eco Team even further across the school. The goal is for the team to have a more influential voice, with opportunities to contribute to wider school decisions on environmental issues and sustainability. We want the Eco Team to be recognised not just for their practical work, but also as a group of young leaders driving change.

We would like to thank all pupils, staff and families who have supported the Eco Team this year. Their hard work, passion, and commitment have made a lasting difference to our school environment. We look forward to seeing how the team continues to grow and inspire in the year ahead.
