

# MASEFIELD NEWSLETTER

29TH JANUARY 2026

It's been a wonderful fortnight at Masefield since the last newsletter, there is a real sense of pride and excitement across school. The energy around school continues to be incredibly positive, with our children fully engaged, motivated, and embracing new opportunities with confidence and enthusiasm. One particularly exciting milestone has been the recording of our very first Masefield podcast. This new venture gives pupils a platform to share their voices and experiences of school life, and we are thrilled to be launching it soon. We will share full details on how to access the podcast across all major platforms once it is released, and we hope this will be the first of many podcasts recorded this year.

We are also extremely proud of our Year 6 Scholars, who recently received their assignment results. Every pupil achieved either a 2:1 or a First, which is a fantastic accomplishment. They will graduate next week at the University of Manchester, a truly special moment and a powerful experience that reflects their hard work, ambition, and resilience.

Our sporting successes have continued too, with pupils from Years 1-4 representing the school at a gymnastics competition at Beth Tweddle Gymnastics. They showed great determination, teamwork, and sportsmanship, and we are very proud of every child who took part.

Finally, we were honoured to receive a letter from the Education Secretary, recognising the exceptional outcomes achieved by our pupils at the end of the 2024/25 academic year. Being acknowledged as among the very best schools nationally is a testament to the dedication of our staff and the determination of our pupils, and it is something we are immensely proud of as a school community.

Thank you, as always, for your continued support. These achievements belong to everyone at Masefield, and we look forward to finishing the term with the same positivity and momentum.

## IN THE SPOTLIGHT THIS WEEK...

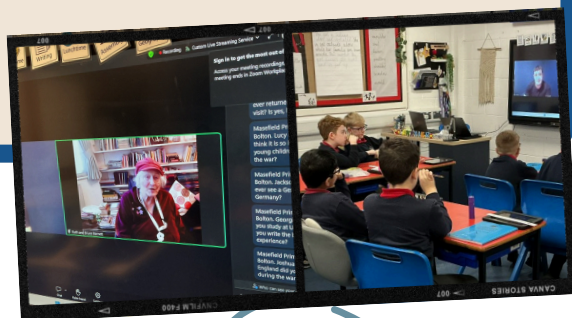

### Year 6

On Tuesday morning, our Year 6 pupils took part in a powerful national literacy webinar with Ruth Barnett, who shared her remarkable life story.

Ruth spoke about her experiences as a refugee during World War II, coming to England on the Kindertransport. The children were completely fascinated by her story and showed great curiosity, asking thoughtful and respectful questions throughout the session.

It was a truly moving opportunity to bring history to life and to deepen our pupils' understanding of resilience, courage and compassion.

An experience they will not forget.

## VISION AND VALUE AWARD WINNERS

We are so proud of these children, who always demonstrate our core values!

## CELEBRATING SUCCESS

Each week, we celebrate success in Good News Assembly. Don't forget to bring your amazing achievements to share!

# HIGHLIGHTS

## THRIVE

Lots has been going on in Thrive since we have returned from the Christmas break.

In particular there has been a focus on Mindfulness as this gives our children such a beautiful gift; the ability to pause, breathe and understand their feelings. We learn to calm our minds, manage big emotions and stay focused in the moment.

Thrive supports children to understand their feelings, feel secure in relationships, and develop the emotional skills they need to thrive in school and in society.

## NURSERY

In Nursery, the children have been using chunky marker pens to make lines, shapes and patterns.

The large surface encourages big arm movements, supporting gross and fine motor development whilst encouraging their artistic flow.

Excellent mark making Nursery!

## AFTER SCHOOL CLUBS

### Spring 1 half term

Tuesday - Year 3&4 Gymnastics.

Wednesday - Year 2 Gymnastics.

Thursday - Year 5&6 BWFC  
Vocal band - Year 3-6

All clubs finish at 4:15pm

## SHOUT OUTS

A big shout out to our Masefield Gymnastics teams who are taking part in tournaments at Beth Tweddle Gymnastics. Last week, our KS1 team came an amazing 4<sup>th</sup> overall with Olive receiving a gold medal in the Beginner category. Our two KS2 teams are taking part over the next 2 weeks and we are sure that they will represent Masefield as wonderfully as the KS1 team did. Well done and good luck to all of our Gymnastic superstars!

# SCHOOL COUNCIL CORNER

## LITTLE CHATS BIG RIGHTS

RIGHTS  
RESPECTING  
SCHOOLS

We're proud to share that we as a School Council are working towards achieving the Rights Respecting Schools Award. This means we are learning about children's rights as set out in the United Nations Convention on the Rights of the Child and thinking about how these rights are respected in our school. Each newsletter will include a short discussion point focusing on a different Article, giving families the chance to talk together about children's rights and what they mean in everyday life.

The focus for this fortnight is taken from

Article 31 which is the right to play, rest and leisure...

Why do you think play is important for children?

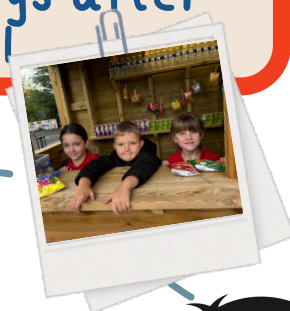

## THE BASE

New to the BASE are yogurt tubes for 20p!!!

All other items are priced at 50p each.

The BASE is open Tuesdays, Wednesdays and Thursdays after school

Don't forget to share any ideas you have of how we can make Masefield even better with your class representative.

# ATTEND TODAY ACHIEVE TOMORROW

## MEDICAL APPOINTMENTS

Medical appointments should be made outside of school hours where possible. Where it is not possible, you must notify the office in advance. Taking your child out of school is disruptive for the class and impacts your child's learning and attendance.

If there are concerns about how much time your child is missing, proof of medical appointments will be required.

## TERM TIME HOLIDAYS

Holidays must not be taken during term time as this has an extremely detrimental effect on your child's education. A fixed penalty notice is the least of the costs; it is the impact on your child's future educational success that presents the greatest cost.

We urge you to prioritise the long term benefits of regular school attendance over the short term impact of a holiday.

# TOP TIPS

## FOR YOU AND YOUR CHILD

### ONLINE SAFETY

This week's free online safety guide, provided by the National College, focuses on in-game chat and voice chat.

Many popular games used by primary-aged children include text or voice chat features that allow players to communicate with others in real time. While this can make games more social and enjoyable, it can also expose children to inappropriate language, unkind behaviour, or contact from people they don't know. Voice chat, in particular, can feel more personal and may encourage children to share information without thinking.

#### What parents can do:

Check whether chat features are enabled in the games your child plays and consider turning them off or limiting them to friends only. Use parental controls to manage communication settings and remind your child never to share personal details such as their real name, school, or location. Encourage them to mute or block other players and to tell a trusted adult if anything they hear makes them feel uncomfortable or upset.

### SAFEGUARDING

#### Keeping Children Safe Around Water

Water can be fun but also dangerous, so it's important that children understand how to stay safe around baths, paddling pools, rivers and lakes.

Simple safety messages for families include:

- Always supervise – young children should never be left alone near water, even for a moment.
- Know the rules – remind children not to run near pools, push others, or play near open water without an adult present.
- Learn what to do – teach children to shout for help and use a floating object if someone is in trouble, rather than entering the water themselves.
- Be weather-aware – cold water and fast-flowing rivers can be dangerous at any time of year.

For more advice and child-friendly resources, parents can visit the Royal Life Saving Society UK website.

### SUPPORTING LEARNING

Learning to Read – Our Phonics Scheme  
Each week we will share a video to support your understanding of our phonics scheme.

<https://www.ruthmiskin.com/parentsandcarers/?playlist=7781fe9&video=98121d9>

#### Reading at Home

'If you cannot read, you cannot learn. If your child cannot read, their progress in all other subjects will be curtailed. There is no such thing as reading too much!'

#### Maths

White Rose Maths have FREE downloadable booklets for each year group block. You can download them here:

<https://whiterosemaths.com/parent-resources>

All of our parent workshops are available to watch on the school website

### SUSTAINABILITY

#### Cut Down on Food Waste

Plan meals for the week and get children involved in using up leftovers creatively — yesterday's vegetables can become today's soup or pasta sauce.

Check portion sizes, store food properly, and freeze extras when you can. Reducing food waste saves money and helps protect the environment by cutting down on unnecessary landfill.
