**Principles**

**A significant amount of additional funding has been allocated to the school and we are determined to ensure that it has maximum impact. Careful analysis of internal and external pupil level data, historical attainment and progress rate was undertaken to ensure that these funds are used to maximum effect. Our robust self-evaluation procedures and consideration of current research into effective provision has guided us in deciding where and how to spend our pupil premium allocation.**

The pupil premium funding that is received by the school annually is used in a variety of ways in order to improve pupil attainment, rates of progress and overcome barriers to learning. We ensure that appropriate provision is made for pupils who belong to vulnerable groups; this includes ensuring that the needs of socially disadvantaged pupils are adequately assessed and addressed. In making provision for socially disadvantaged pupils, we recognise that not all our pupils who receive Free School meals (FSM) will be socially disadvantaged. We also recognise that not all pupils who are socially disadvantaged are registered or qualify for PPG. We therefore allocate Pupil Premium Funding to support any pupil or groups of pupils the school has legitimately identified as being socially disadvantaged.

Funding for this academic year will be approximately £84,480. School has received funding of £1320 per child eligible for free school meals. School has received funding of £1320 per child eligible for free school meals.

The school receives £300 per child service children of which we have 2. The school also receives £2300 per post LAC pupil of which we have 3. The school receives £2125 per LAC pupil of which we currently have 3. This funding is shown separately to general Pupil Premium.
