### Project Tasks

#### DT

Design and create a 3D model of your own Viking shield!

#### Science

Imagine you are a doctor who looks after people's hearts. You are going to set up a 'wellbeing' clinic for children in primary school. In this clinic they will need to be able to provide advice as to how to live a healthy life. You need produce a leaflet that children can take away with them that tells them how to stay healthy. Your leaflet should include information about exercise, lifestyle, diet and drugs (including medicines, alcohol, tobacco and illegal drugs).

#### History

Create a map of Britain showing the different Viking areas and settlements that existed at the time. Where did they settle first? What were these areas called then and what are they called now? You can present this as creatively as you like, perhaps you could even use ICT.

All projects (blue boxes) must be back in school for a celebration lesson in class on **Wednesday 9<sup>th</sup> December 2020**

Remember the more home learning you do, the more Dojos you will achieve!
