

## Miss Yapp's thought of the week

The children have been working hard this week.  
I have seen lots of children trying their best and feeling very proud when they achieve what they have set out to do.  
Keep up the positive attitude to learning everyone!  
I would also like to thank parents for following our Covid-19 procedures.  
It is essential that the one way system is adhered to by all parents, whether you are dropping off at the Early Years Unit or the main school building.  
This is to ensure we can keep everyone safe.  
Thank you!

## Diary Dates

### Half term

Monday 26th Oct-Friday 30th Oct

### School closed

Inset day  
Friday 4th December

### Christmas Holidays

School breaks up Friday 18th December at 1:30pm

### School returns

Tuesday 5th January 2021

## Year 5 Bikeability

This week Year 5 have enjoyed taking part in their Bikeability course.

The children have learned how to be safe whilst riding their bike on the road.

They have learnt how to signal, check for traffic and stop to check if it is safe to cross. All of the children have worked extremely hard and the Bikeability instructors were very impressed by the behaviour and attitude of learning shown by our children.

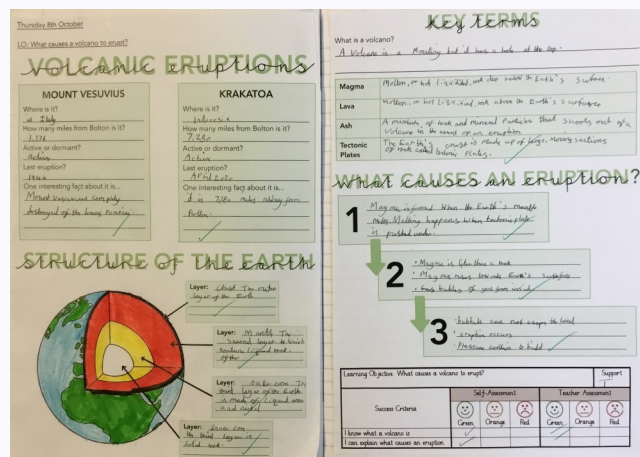

Don't forget to follow us on Twitter to see what we get up to in school!

## Year 3

This week Year 3 have been practicing being David Attenborough's!

They have been working hard doing lots of research and recording their own nature documentaries about giraffes, lions, elephants, pandas, penguins and tigers!

This super work was done by Maddison! Y4

## Hot snack

Toast for break time is available to pay for via SIMS Pay or with cash at the office.

The cost of this is £2.50 per week.

This is processed on a Thursday morning so if you wish for your child to receive snack the following week, please pay by 10am.

Thank you!

## Year 4

This week we really enjoyed our Geography day in year 4, we looked at natural disasters, why we have them and how this affects people's lives.

We also did our own science experiment with a bottle of Coke and Mentos mints to recreate a volcanic eruption!
