

READING IS A PASSPORT TO
COUNTLESS ADVENTURES!

SPRING

Since Christmas, the calendar has been jam-packed with Reading events. In February, we celebrated 'Book Week'. This year we focused on the continent of Asia. During World Book Day, every child across the school made bookmarks, which we exchanged with the children from Ladywood! The Scholastic Book Fair was extremely successful, raising almost £300. This money has been used to invest in our class libraries, reading Enrichment activities and our Diversity Collection, which celebrates stories from other countries and authors of different ethnic backgrounds. Many pupils from across school have had the opportunity to read with Merlin, our therapy dog, with some pupils using books and poetry, with our Thrive Practitioners, Mrs Willett and Ms Harris!

READING SCRAPBOOKS

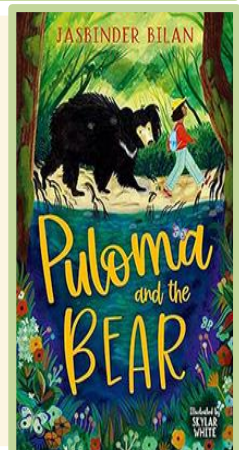

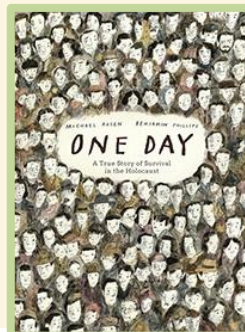

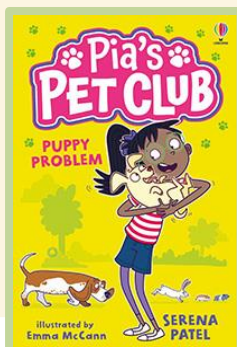

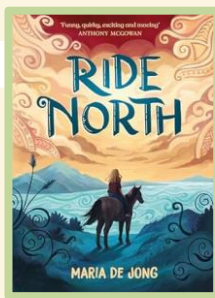

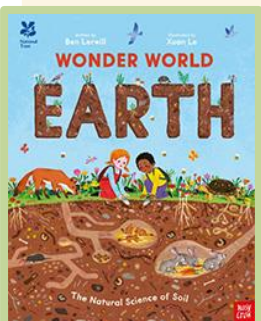

Since the launch of our Reading Scrapbooks, the response of our pupils has been amazing! The standard of work produced and the creativity displayed has been nothing short of amazing!

READING WEEK AND WBD 2025

MUST READS!

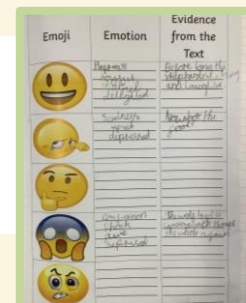

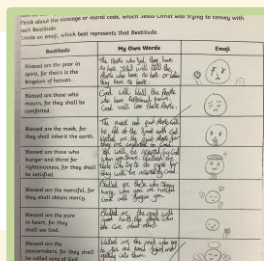

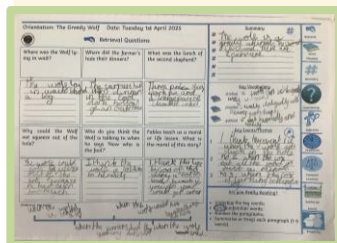

READING IS A PASSPORT TO

COUNTLESS ADVENTURES!

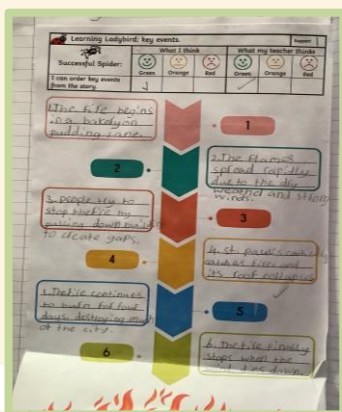

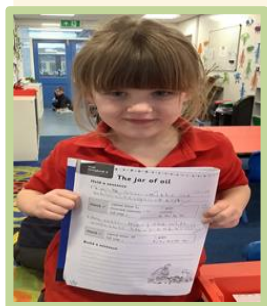

SPRING

Across school, our 'Are You Really Reading' Project is being delivered across all phases. A number of teaching staff have completed the training and as leader, I have shared our good practice, with those of other schools at moderation. Currently, I am in the process of developing additional resources to compliment this programme and our Reading Curriculum.
