Notes for School

Good Practice

At the beginning of a term, to review as part of a lesson when using technology.

To have a A3 class agreement on display so it can be referred during lessons where technology is being used.

This paragraph can be included when sending online safety updates home.

Parents / Carers:

Please encourage your child/children to adopt safe use of the internet and their devices at home.

Throughout the year your child/children will receive, online safety education to help them understand the importance of safe use of technology and the internet – both in and out of school.

The school will take every reasonable precaution, including monitoring and filtering systems, to ensure that young people will be safe when they use the internet and IT systems. The school cannot ultimately be held responsible for the nature and content of materials accessed on the internet and using mobile technologies.

If you have any concerns over your child/children's online safety experience do not hesitate to contact school for advice.
